ABOUT ME

As a first-generation Master's Computer Science student at Strathclyde University, I am highly motivated to stay informed and actively seek opportunities to deepen my knowledge and develop my skills through hands-on projects. I am eager to engage with new technologies and am open to new experiences that will challenge and enhance my abilities. In addition to my studies I have also gained valuable hands-on experience with tech companies such as UserTesting.

EXPERIENCE

USERTESTING – *Technical Administration Intern June 2023 - Sep 2023*

- ❖ Developed automated scripts, using Jira and Scriptrunner, to automate the validation of syntax errors on issue labels in Jira
- ❖ Developed an automated script to automatically assign testers, in a round-robin rotation, to different tasks in Jira
- ❖ Worked in sprints as part of a SCRUM team and closely communicated with other technical teams to meet the requirements for the automation scripts
- ❖ Quality tested said automation scripts to make sure they run efficiently time-wise and resource-wise
- ❖ Presented a 30 minute talk about what automation is, and how it can be better integrated in front of various teams (technical and non-technical) at the company

TITANIUM TUTORS – *Online Coding Tutor Sep 2021 - Present*

- ❖ I offer online lessons in HTML, CSS, and JS basics to guide clients through the development of a single
- ❖ Assign weekly homework to clients and then provide feedback based on the work they do
- ❖ Assist clients in their personal projects, offering tips and tricks to enhance their understanding and optimize their workflow
- ❖ Foster direct communication to swiftly address any issues or challenges faced by clients

EDUCATION

MSc Computer Science

The University of Strathclyde 2023 - Present

Grade: TBC

BSc Hons Computer Science

The University of Strathclyde 2020 - 2023

Grade: 2:1

High School Diplomas

Springburn Academy 2016 - 2020

Higher English, Spanish, Physics

Advanced Higher Maths, Computing and Italian

Grade: A

CERTIFICATIONS

BSc Hons Computer Science (2023) - The University of Strathclyde

Morgan Stanley Technology Insight Week (2019) -The University of Strathclyde

Accelerate Computer Science Challenge (Mentor) (2019) -The University of Strathclyde

Language Learner of the Year (2019) - Glasgow City Council

Language Learner of the Year (2018) - Glasgow City Council

St Andrew First Aid Certificate (2016) - St Andrew First Aid
